

- What new and exciting anthems have been published lately?
- Should my church start a Handbell choir?
- What exactly *is* “blended worship”?
- Can someone with my level of expertise actually improvise?
- What should I look for in a digital organ?
- How can I make the hymns come ‘alive’ on Sunday morning?
- Should I call the technician or try to fix it myself?
- How can I improve at the organ if I’m really a pianist?

The answers to these and other questions are waiting for you at
